

## Winners of Scholarships and Bursaries from the Australian Federation of University Women-Victoria (AFUW-Vic) and Graduate Women Victoria (GWV), from 1931

From 1931, AFUW-Vic offered awards from its Endowment Fund (established by a levy on membership fees) and several donated funds, the finances of which were separately administered. These awards were intended to support postgraduate research, especially overseas. Their category can therefore be generally described as postgraduate,

From 2000, all available funds were combined in a single amount and placed under the management of the Melbourne Community Foundation, later the Australian Community Foundation. At the same time the purpose of the scholarship program evolved to supporting a wider category of local students, specifically those who were disadvantaged, to complete the degrees in which they were currently enrolled.

By 2008, in-principle agreement had been reached to change the organisation's name to something less cumbersome and more representative of a changed higher education system. Graduate Women Victoria was a popular option, and in the 2008 awards, it is used to name an award as well as AFUWVic, although the official change to Graduate Women Victoria did not become effective until the 2012 AGM.

NB: In the list below, some scholarships sponsored by organisations are listed under the organisational acronym. These are asterisked and the acronym is spelled out in full at the end of the document.
